

Invitation of applications to start Pediatric Infectious Diseases Fellowship

The IAP Infectious Diseases Chapter is running Fellowship in Pediatric Infectious Diseases under the aegis of Indian Academy of Pediatrics since 2013 with the aim to provide specialized training in pediatric infectious diseases and to produce competency in the various fields of medical management of children with infectious diseases. The course tenure is of one year for MD / DNB candidates one and half years for a DCH candidate. All trainees joining the Pediatric Infectious Diseases fellowship program has to work as full time senior resident during the period of training in the accredited institutes.

Applications are invited from teaching institutes/hospitals willing to start this fellowship course. Selection will be based on the inspection report by the team with consideration of fulfillment of the eligibility criterias, credentials & location of the institute. Institutes already running the fellowship also should apply for fresh accreditation. To get details about eligibility criteria for an Institution and to download the application form please visit the website www.iapidc.org

The Last date to receive the application form with the application fees will be 31/5/2015.

The application is to be addressed to Chairperson- IAP PID Fellowship Governing Council
